

VIRGINIA FREE PRESS.

THE FREE PRESS.

THURSDAY, JUNE 13.

We learn from the Williams-Port Banner, that the President and Directors of the Chesapeake and Ohio Canal have ordered surveys to be made on the Virginia side of the Potomac, commencing eight miles above Williams-Port, the termination of the present contract. This step is taken in consequence of the excessive damages generally levied by Maryland juries.

We are glad of this determination, for a reason which we deem very important. Hitherto, opposition had been made to Virginia siding this noble work, principally because it is located out of her limits; and this change will remove an argument, in part, which has been heretofore very potent. Make it more of a Virginia work and the Old Dominion will again open her purse.

The melioration of the condition of the Jews in England, is an event which must be hailed with sincere satisfaction by every tolerant mind. It is worthy of the age. How different the feelings evinced towards that despised race of people a few centuries ago! Sir Walter Scott thus describes the disposition of the English, in reference to the Jews, in the days of Richard the First—the days of chivalry, too!

"Except perhaps the flying fish, there was no race existing on the earth, in the air, or the waters, who were the object of such an unrelenting, general, and relentless persecution as the Jews of this period. Upon the slightest and most unreasonable pretences, as well as upon accusations the most absurd and groundless, their persons and property were exposed to every turn of popular fury; for Norman, Saxon, Dane, and Briton, however adverse these races were to each other, contended which should look with greatest detestation upon a people, whom it was accounted a point of religion to hate, to revile, to despise, to plunder, and to persecute."

By the annexed report, it will be seen that the Cholera is subsiding at Wheeling. Its ravages for awhile were awful. The reports from the 1st of June, give the following deaths:

On the 1st, fourteen; 2d, fourteen; 3d, four; 4th, six; 5th, seven; and on the 6th, six.

Friday, (June 7,) 3 o'clock, P. M. The Board of Health have this day the satisfaction of congratulating their fellow citizens upon the almost entire disappearance of the Cholera, and the present favorable condition of the public health. Within the last 24 hours, there have occurred but 2 decided cases of the epidemic—some of them children of 6 years of age, (already convalescent,)—the other a feeble old woman, (in town.) Reports from all the Physicians in town, all of which have been made to the Board, all giving the same encouragement to hope that the disease is about to terminate.

REDICK McKEE, Sec. pro tem.

The Cholera has reappeared at Nashville with much violence.

The steamer Lioness, on her passage from New Orleans to Natchitoches, was consumed by fire on the 19th of May. The explosion of a keg of powder caused the loss of several lives—among whom was the Hon. Josiah S. Johnston, Senator from Louisiana. The Hon. E. D. White, a representative in congress, was badly wounded.

The President of the United States left Washington on Thursday last. He has been received at Baltimore and Philadelphia with appropriate honors.

Black Hawk and company have also proceeded to Philadelphia, and will visit the principal towns.

Harvest began in the neighborhood of Petersburg on the 3d inst.

Mr. J. P. PRITTS, formerly Editor of the Chambersburg Republican, has resumed his old profession, and is now publishing a paper under the title of the "WEEKLY TRANSCRIPT." It promises to be an interesting journal. The Republican, while Anti-masonic, has been discontinued.

From the National Intelligencer of June 7. An adjourned meeting of the Stockholders of the Chesapeake and Ohio Canal Company was held yesterday, and continued to a late hour in the day. Every effort to procure a delay of a few days, or until the General Committee should have reported, was voted down by the united vote of the United States and the Corporation of Washington, Maryland and Georgetown being divided, and Virginia and Alexandria resisting in vain. In the end, the Election of Officers was held, and the following gentlemen were elected, to serve for the ensuing year, viz:

PRESIDENT.
JOHN H. EATON, of Tennessee.

DIRECTORS.
Walter Smith, of Georgetown.
Phineas Jamney, of Alexandria.
William Gorton, of Washington.
John J. Albert, U. S. Army.
William Felt, of Maryland.
Richard H. Henderson, of Virginia.

From the National Intelligencer, June 8. CHESAPEAKE AND OHIO CANAL COMPANY.

It is due to the numerous friends of this enterprise that they should have laid before them the particulars of the Election of President and Directors of that Company. We proceed to give such an account, re-termining, as far as practicable, from the exhibition of any personal feeling on the subject, without pretending to be free from it.

FOR PRESIDENT.
John H. Eaton 3430
Wm. Smith 7560
J. J. Albert 7810
W. Gorton 8821
W. Felt 10251
P. Jamney 10181
R. H. Henderson 5643

The vote for Mr. Eaton was made up of the following parts:
The United States 2008 votes
The Corporation of Washington 2408
Individual Stockholders 1038
For President, the proxies of the State of Maryland (Mr. Forest and Mr. McCulloch) were divided, and so were those of the Corporation of Georgetown. The votes, therefore, of both these interests were lost.

Had these two latter interests been voted upon, and the vote been (as expected) for Mr. Mercer, it would have added to his vote.

The aggregate vote of Mr. Mercer was composed of the following particulars:
The State of Virginia 570 votes
Corporation of Alexandria 808 votes
Individual Stockholders 2362 votes

WASHINGTON, PA. JUNE 1. A case of spasmodic cholera has taken place this morning, in the person of Mrs. Kelly, the wife of B. F. Kelly, merchant, of Wheeling. She arrived here on Wednesday evening last, in a carriage from that place, in bad health. There is no doubt she had contracted the disease previous to her departure from Wheeling. In the night a few hours after her arrival here, she became very ill with vomiting and other alarming symptoms, when her father, W. B. King, of Wheeling, who travelled with her, immediately procured medical attendance. The complaint, however, did not identify itself as cholera until about 9 o'clock on Thursday morning, when it was apparent to every one who had an opportunity of seeing her. She died the same evening, and at about 24 hours after her arrival in town. About 11 o'clock of that night her friends started for Wheeling with her corpse.

It is our painful duty to announce the Death of GEORGE BARRETT, Esq., brother of the Governor of Kentucky. This young gentleman acted occasionally as a private secretary to the President, and accompanied him last year in his tour to Tennessee. From about the time of his return to the present, his decline has been exceedingly rapid. A more honorable, amiable, excellent man never lived. Mr. Barrett, we have understood, when very young, united himself to a religious society, and amidst all the gaiety and frivolity of a city life, preserved a character of irreproachable purity. He died at Maysville, on his return home. —Globe.

NORFOLK, JUNE 5. Com. Rogers of the Navy, and Major Garland of the U. S. Army, came passengers yesterday in the steam boat Columbus, from Baltimore. We understand that Major Garland has been selected to escort the Indian Chief, Black Hawk, and his companion, through the principal cities, as determined by the Executive, conformably with the notice published yesterday. They came up last evening in the steam boat Hampton, will visit the Navy Yard and Dry Dock this morning, and embark at 1 o'clock in the Baltimore steamboat on their proposed route through the principal cities, on their way to rejoin their own tribes. —Beacon.

BALTIMORE, JUNE 7. Last evening, BLACK HAWK and his party visited the Baltimore Theatre, which, as might be expected, drew an overwhelming house. The Indians were much delighted with the performances, and the Manager with his profits.

This forenoon the Indians rode through the principal streets in two open barouches, followed by an immense throng of the multitude. They visit the Theatre again this evening, and will not leave the city till Monday morning next, when they take the Rail Road Line for Philadelphia.

Tasco Thompson, a free man of colour, was tried on Wednesday and Thursday last on an indictment for a rape, and convicted. The jury recommended the prisoner to the mercy of the executive. Judgment of death will probably be pronounced during the term. This is the second conviction for this offence within a short time—both the convicts being now confined in jail. —[Winchester Virginian, May 29.]

More shedding of Blood.—An eastern paper mentions that a most shocking murder was committed in New Brunswick (New Jersey) a few days since. The provocation to the deed is stated to have been the success of the deceased in an "affair of the heart."

The Markets.

BALTIMORE, JUNE 7. FLOUR.—The current wagon price of fresh flour is \$5.75 per bbl. Some parcels of stored flour have been settled for at \$5.31.

ALABAMA, JUNE 8. FLOUR.—The wagon price has ranged from \$5.50 to \$5.63 for common brands; at the same time we have heard of no sales from stores at more than from \$5.50 to \$5.60.

JEFFERSON COLONIZATION SOCIETY. This society held its annual meeting on Friday the 7th June, in the Presbyterian Church of Charleston. The society was called to order by the President, Dr. S. J. CANNON, and the proceedings of the last annual meeting, as well as the several meetings of the officers of the Society, read by the Secretary.

On motion by Col. Geo. W. Humphreys, the last annual report of the Parent Society at Washington was read. It is a most cheering, satisfactory, convincing and powerful document, well calculated to convert enemies, and make friends more zealous in the good cause of benevolence, patriotism and Christianity.

The Legislature of Virginia, at its last session, voted eighteen thousand dollars for the removal, annually, of the Free People of Colour, from the Commonwealth. Upwards of \$300 is appropriated to this country, which, it is calculated, will remove from us to Liberia, at least nine persons. This being stated by Dr. W. Yates, it was, upon his motion,

Resolved, That a committee of seven be appointed to select and induce free persons of colour to emigrate to Africa, and report the same to the County Court of Jefferson, and this Society.

COMMITTEE.
J. T. A. Washington, S. W. Lackland, Thos. Timberlake, Dr. J. Quigley, Dr. Geo. B. Stephenson, J. T. Dougherty and John Humphreys.

On motion by Major Peter, it was

Resolved, That a committee of six (including the President) be appointed to choose an Orator for the celebration of that glorious day in connection with the objects and interests of the American Colonization Society.

COMMITTEE.
S. J. Cramer, J. Peter, G. W. Humphreys, W. Yates, J. Davenport, and J. J. Brown.

A resolution was adopted, making it the duty of the Treasury to report in detail, at each subsequent meeting, the state of the finances, the number of subscribers, &c.

NOTICES.
The Rev. S. TUSTON will preach at Elk Branch on Sunday morning next, at half past 10, and at Harpers-Ferry at 4 o'clock.

A Meeting of two or three days continuance will commence in the Presbyterian Church in this town, on Friday week, the 21st inst. at 11 o'clock. On Sabbath, the communion will be administered. June 13.

LEESBURG, JUNE 8. We are happy to learn from almost all with whom we have conversed upon the subject, that the prospects of our farmers as respects small grain, are pretty good. The wheat is somewhat lodged in places, but will yield, it is expected, at least an average crop.

By the way—a thirty-acre field, in the neighborhood of Waterford, farmed by Mr. William Birchitt, last year produced 1130 bushels of wheat, being 37 1/2 bushels per acre. Can Frederick or Jefferson do better? —[Gen. of Liberty.]

VERY LATE FROM COLOMBIA. NEW YORK, JUNE 3.

We are indebted to Capt. Briggs, of the brig Elizabeth, for Bogota papers to the 21st April, inclusive, near a month later than the previous advices.

Among the passengers in the Elizabeth, is the Hon. Thomas P. Moore, late Minister of the United States to Bogota.

Mr. Moore, the Charge d'Affaires sent out to relieve Mr. Moore, met the latter gentleman at Cartagena, and thence proceeded on his journey to Bogota.

Mr. Moore caused the remains of the Hon. Richard C. Anderson, our first Minister to Colombia, who died at Cartagena, to be disinterred, and has brought them to the United States.

All is quiet in New Grenada, and the present Government appears to be firmly established.

ERRATA.—In the poetical "Applaud in behalf of the Colonization Cause," on the first page of last week's Free Press, one or two typographical errors occurred. In the 30th line, "keep" should be "keeps"—and in the 39th line, "wouldn't" should read "would."

The proceedings of a meeting held at Shepherdstown on Saturday last, for the purpose of making arrangements for celebrating the closing of the 4th of July, came too late (about 2 o'clock on Wednesday) for publication in to-day's paper. They shall be duly attended to in our next.

FIFTY DOLLARS REWARD.

RAN AWAY from the subscriber, Manager for Col. Lynn Banks, of the County of Madison, State of Virginia, on Tuesday the 7th instant, without the slightest provocation, a negro man named GABRIEL. He will attempt to make his escape to Pennsylvania or Ohio. It is believed that he has gone off with a free mulatto woman, who calls herself Mary Martin. Gabriel has probably obtained a free pass. In the last month he was sent with a wagon and team from this county to Charlestown, in the County of Jefferson, to remove an old lady and her family to Madison Court House. Since his return home, he has stated to the servants on the farm, that he could travel in that country without a pass, and as a free man; that some of the people wished to employ him as a Wagoner. Gabriel is about 35 years of age, tall and remarkably straight, rather over six feet in height, of very dark complexion; most of his upper front teeth are out—He has the appearance of a scar on his forehead. He took with him a blue cloth suit, coat and pants, a new dark waistcoat, a white flannel hat, one ruffled shirt, and some old clothes, not particularly recollected. All of these he may have exchanged, and he may have changed his name. He sometimes calls himself Gabriel Key, sometimes Gabriel Acty. He talks with great fluency, and appears to be remarkably humble in his manners to his superiors. Gabriel has been engaged for many years as a wagoner. He is a great hand in the use of the scythe and cradle, and is quite an ingenious fellow on a farm.

The above reward will be paid if taken out of the State, and Twenty Dollars if taken within the State, and all reasonable expenses paid for securing him in jail so that I get him again, or delivering him to the subscriber.

WILLIAM WHARTON, Manager for Col. Banks.
